NEW LOCATION FOR NEW YEAR'S EVE PARTY

Some of you who have been in Orange County for any length of time are probably wondering why the New Year's Eve party is not meeting in the Costa Mesa Women's Club this year as it has for the past umpteen years. I know that it has been there for 13 years, how long before that I wouldn't know about. However it has been traditionally the Orange County New Year's Eve Celebration for a long time. Betty A. reserved the Women's Club last January for this year- even to the extent of paying a deposit. It was all set. Then in October Jim M. in the central office received a call from the club offering to return our deposit because they had leased the building out, and it would not be available to us. Naturally, we resisted this offer. Since we had made our reservation in good faith in plenty of advance notice, it would seem that they should honor a contract. However, in AA we have ceased fighting anything and everybody, and since there seemed to be nothing we could do about it, we went about looking for another location. I happened to be attending an electrical show at the Santa Ana Armory with my husband, George, when the thought occurred that the armory might be a good spot for our party. I asked about the set-up and it was suggested that the I.B.E.W. Union hall would be even better. It was suggested to the union's business manager that someone wanted to rent the hall for New Year's Eve. He said, "I should say not! We're not renting that hall out for any big drinking blowout." When he was

told that A.A. wanted it, he immediately said, "Now that's different. If it's AA, sure you can have it. I'll have to present it to the board, but I'm sure there won't be any problem." The board unhesitatingly OK'd the deal and that's where we'll be this December 31st. I.B.E.W. (International Brotherhood of Electrical Workers, Local 441) Hall, 3222 Bolsa Ave., Santa Ana. (Between Harbor and Fairview). Our Higher Power is really looking in on this one. It's costing us about half of the rent of the Costa Mesa Club last year. We also want to thank the Clubs for not scheduling other New Year's Eve celebrations this year in order that full attention will be given to our Orange County Gala.

This is UNITY IN ACTION.....

SO, COME JOIN US! LET'S SEE THE NEW YEAR IN TOGETHER!!! ONCE AGAIN THANKS TO THE COOPERATION OF THOSE AA MEMBERS WHO WANT TO BUILD UNITY IN ORANGE COUNTY, IT WILL BE THE FIRST TIME THAT WE WILL ALL BE TOGETHER IN ONE PLACE AT ONE TIME!.....Ed.

LETTERS

If you missed last years party, you missed a goodie. It was expressed particularly in a letter received from Pasadena as follows: "I want to thank each and every one of you for the most fantastic and wonderful New Year's Eve Party I have ever been to in my entire life. The whole thing was too wonderful to even describe. The decorations were beautiful and so festive. The live music was an absolute joy. There seemed to be a tune for both the young and the old and I really had a ball. The games were such fun. The food was excellent and the turnout of people made it a bangup party. I have had the good fortune to have been at these parties in the past so I feel qualified to say, "Never, never has there been anything like this given before". Give my personal thanks to all of those who were responsible for going to all of the work that a thing like this entails to contribute to my happiness. It was the frosting on the cake for a lovely Christmas, and I can tell you right now that I can hardly wait for next year to come. I will never forget it. I am sure you will have everyone in Pasadena there next year as I have been on the phone for two days since my homecoming telling everyone I knew about it." "By the way, a wide-eyed newcomer who had been to her first meeting that night, and then the party afterwards said to me, 'Is this for real? You mean I can really have this kind of fun in AA?' Need I tell you my answer?" "God bless each and every one of you for this coming year and for all the wonderful work you are doing."...Dorothy C.W. Pasadena

As reprinted from Lifeline- Jan. 1965

THANKYOU!

I personally wish, at this time to thank all you AA members and friends who joined with us in our endeavor to make Christmas Day a little happier for those still confined in institutions. Through the purchase of the Christmas cards, we will be able to have candy and cigarettes for not only the AA members in these institutions, but for all other inmates as well. Due to new rulings by officials in Orange County, the AA Groups are no longer able to limit their Xmas gifts to inmate AA members. All must share, so even those who do not share our problem, will at least know that "Somebody Cares;" that "somebody" being AA. Only through your help has this been possible.

Again thankyou,
John L.

CAME TO BELIEVE

MIRACLE FROM ALANON

It was nearly Christmas. Temperatures were way below zero in Northern Michigan, snow banks high, and alcoholism had taken its toll in our family. My husband had lost his job and funds were exhausted when he left for California to find a new beginning.

One evening, just three days before Christmas Eve, I sat alone at the kitchen table. The children were tucked in their beds and feeling the weariness of number seven, soon to arrive, I looked down at two green stamp books wondering how they could bring Santa Claus to six little children who believed so much! Fearfully and with a very saddened heart, I prayed that God would show me a way.

The next morning a letter arrived from my parents saying that they would be driving north to spend the Christmas holiday, so the children and I would not be alone. They knew my husband had left for California, but that was all. I was terrified! How could I ever let them know!

Then the miracles of Christmas began. A businessman who knew my husband had gone and assuming we would be joining him soon, called and asked if I would be selling his golf clubs. Of Course! - it was an answer! I sold them for fifty dollars. Immediately I planned and shopped for a series of festive, but conservative meals, bought some coal for the furnace, and went to the five and ten store to choose several small gifts for the children. While I was out the hairdresser in the neighborhood called the children in and gave them hair-cuts. Before returning them home she bought each a new pair of shoes. Soon after a dear friend invited the older children to join them for a tree cutting and they returned with a beautiful Christmas tree. When the mail arrived that day one of the Christmas cards had enclosed in it twenty-five dollars and was signed, "For the children- from Friends".

Christmas Eve arrived and so did Mother and Dad. With them came boxes of Christmas baking from an aunt, a box of apples from a cousin, and an assortment of gifts from a friend of Mother's whom each year chose the Grand-children of one of her friends to remember on Christmas.

That Christmas Eve Mother took the children to the Christmas program. I stayed home with our little girl who was running a high temperature. I'm sure Mother and Dad knew in their hearts, but bless them, they let me walk in dignity.

As I sat with my little one in my arms watching the tree lights flicker on the abundance below, gratitude flooded my heart - for I "Came to Believe" through the miracle I had seen.

A Blessed Christmas to All!

CHRISTMAS FOR CHILDREN?

Christmas is for children?
Not the way I think of it.
It's just as much for grown-ups
As for children, every bit.
I like the noise of Christmas, -
Each happy, cheerful sound,
The sparkling decorations,
And glad greetings all around.
But then the children can't be skipped
'Cause they're important too.
They add zest to festivities
And make old things seem new.
We couldn't do without them, -
Once we were young as they.
Oh, Christmas is for everyone
'Cause God planned it just that way.

LIFELINE

We thought a word relative to the subscription increase would be in order, not that we have received any complaints; not thus far at least... anyway here goes, what follows is not a rationalization nor an excuse, but simply an explanation of the increase in rate.

Early last year it became necessary, due to the postal regulations governing our mailing permit, to create a bonafide mailing list of prepaid subscribers to the Lifeline. We complied with this by asking you to fill out a subscription application. To make it as painless as possible, the rate was set at a nominal 50c per year. Now, once again, the postal regulations enter the picture. The Lifeline is a monthly publication, and as such, must be mailed each month. This is not always possible when we must depend upon volunteers services for the publication. Some people, even alcoholics, are prone to take a downright dim view of being told when, on what

schedule, and against what deadline they will contribute their services- but this has not been a problem thanks to the sincere dedication of our editor, Jeanne T. and our publisher, Bob C.- the problem, and there have been two so far this year, lies in the fact that the equipment upon which the Lifeline is printed is also a free contribution from Mr. C.'s employer. Sometimes this equipment breaks down, and once in awhile the owners become very narrow minded and want to use it themselves; therefor our demands for scheduled printing fall on sympathetic but nonetheless obstinate ears. The \$1.00 per year rate will allow for a contingency fund to be established so that printing and layout may be purchased when, for reasons beyond our control, it becomes necessary in order to comply with governing postal regulations.....Bill T.

"NIGHT BEFORE XMAS"

"Twas the night before Christmas
And all thru the house
Not a creature was stirring,
Not even a mouse.
We reached for the bottles
We'd hid on the shelves,
For those were the presents
We'd bought for ourselves.
We never had money
To spend for a gift.
We needed it all
For that holiday lift.
The tree lights were always
So fuzzy and dimmed,
'Cause we always got stinko
Before it was trimmed.
And all Xmas Eve
The joint would be rocking,
Tho we knew fully well
What we'd find in our stocking.
That regular hangover,
Our Xmas present,
With thoughts of remorse
And a day most unpleasant.
We followed a pattern

That seemed to be right.
Isn't Xmas the time
When people get tight?
That Xmas is past
And a new one draws near.
But with its approach,
We hold nary a fear.
For through AA's pattern
We've found a new way
To know a real Xmas
Truly happy and gay.
The tree will be brilliant,
The lights bright and clear.
And not from a bottle
Will come Xmas cheer.
But straight from our hearts
A true warmth will glow,
Reflected by love
From the friends that we know.
So to you, "Merry Christmas",
Full of genuine cheer,
May the green light be yours
In the coming New Year!"

ANSWERING THE CALL.....

Last year a pamphlet entitled "Answer the Call" was distributed at the various AA meetings throughout Orange County. The purpose was and still is to provide additional and urgently needed support for the Central Office. Through November of this year the income from Answer the Call has been \$969 - . This \$969 income has kept the Central Office in the black- just barely but nonetheless in the black. Once again this year an Answer the Call

pamphlet will be distributed, in the case of Lifeline subscribers it will be mailed- ANSWER THE CALL- your central office has been established for that express purpose.- "When anyone, anywhere, reaches out for help I want the hand of A.A. always to be there, and for that: I am responsible."
