ALCOHOLISM: NEW VICTIMS, NEW TREATMENT

From the day man first sipped the liquid collecting around honey or fruit left too long in a warm place, alcohol has played an important role in his life. Early in history, wine became—and still is—an integral part of religious ceremonies. The Bible acknowledged the "wine that maketh glad the heart of man" (Psalms 104:15), and Pastuer called it "the most healthful and hygienic of beverages." In the hectic modern world, hundreds of millions of people drink liquor, beer or wine for enjoyment, solace and tranquility. Yet today, as it has throughout history, alcohol is also troubling mankind. For in almost every society, there are those who cannot enjoy alcohol without becoming its slave.

In the U.S., the age-old problem of excessive drinking is taking a disturbing new turn and affecting new kinds of victims. On a New York subway train, a school-bound 15-year-old holds his books in one hand, a brown paper bag containing a beer bottle in the other. He takes a swig, then passes bag and bottle to a classmate. In a San Francisco suburb, several high school freshmen show up for class drunk every morning, while others sneak off for a nip or two of whiskey during the lunch recess. On the campuses the beer bash is fashionable once again, and lowered drinking ages have made liquor the high without the hassle.

In one sense, it is good news: across the U.S., the young are turning away from hard drugs. In another sense, it could not have been worse news: "The switch is on," says Dr. Morris Chafetz,

director of the Department of Health, Education and Welfare's National Institute on Alcohol Abuse and Alcoholism (NIAAA). "Youths are moving from a wide range of other drugs to the most devastating drug—the one most widely misused of all—alcohol."

The upsurge of problem drinking among the young is only part of a more disturbing nationwide and even worldwide problem. In the past few years alcoholism—among youths and adults alike—has at last been recognized as a plague. From 1960 to 1970, per capita consumption of alcohol in the U.S. increased 26%—to the equivalent of 2.6 gal. of straight alcohol per adult per year. It is now at an alltime high, probably surpassing the levels during such notoriously wet eras as the pre-Civil War and pre-Prohibition years. Moreover, according to the NIAAA, about one in ten of the 95 million Americans who drink is now either a full-fledged alcoholic or at least a problem drinker (defined by NIAAA as one who drinks enough to cause trouble for himself and society). Uncounted thousands of the problem drinkers are under 21 and, in fact, the approximately 9 million excessive drinkers are representatives of—and affect—the whole spectrum of American society.

The facts gathered by NIAAA about alcohol abuse are as depressing as they are impressive.

After heart disease and cancer, alcoholism is the country's biggest health problem. Most deaths attributed to alcoholism are caused by cirrhosis of the liver (13,000 per year). An alcoholic's

life span is shortened by ten to twelve years. Recently, medical researchers have found evidence suggesting that excessive use of alcohol may also quietly contribute to certain kinds of heart disease, and that it eventually damages the brain.

In half of all murders in the U.S., either the killer or the victim—or both—have been drinking. A fourth of all suicides are found to have significant amounts of alcohol in their bloodstreams. People who abuse alcohol are seven times more likely to be separated or divorced than the general population.

The dollar cost of alcoholism may be as much as \$15 billion a year, much of it from lost work time in business, industry and the Government.

At least half of each year's 55,500 automobile deaths and half of the 1 million major injuries suffered in auto accidents can be traced directly to a driver or pedestrian "under the influence".

Many of the deaths and injuries are caused by the under-21 age group, and arrests of young people for drunken driving have skyrocketed since states began lowering the drinking age from 21. In the year following its lowering of the drinking age, for example, Michigan reported a 141% increase in such arrests.

But parents seem relatively unconcerned about their children's drinking. In fact, children who drink are often simply following the example set by their fathers and mothers. Teen-agers know their parents make scenes if they catch them smoking marijuana. But, if the

(FOR RELAYING EXPERIENCE STRENGTH & HOPE)

F. R. E. S. H. CLICKS!

The first of the monthly F.R.E.S.H. programs got off to a flying start, Monday night, April 8th, in the new Central Office quarters, with good attendance and enthusiastic response. "Clancy" K. shared her extensive experience in group affairs with humor and insight, stimulating many questions- more than there was time for.

For future plans, the F.R.E.S.H. committee and the Service Board consulted the group conscience. Since there were obviously so many questions on group conduct and secretaryship still to cover, we announce the following

PLANS FOR NEXT TWO MONTHS-

Far ranging participation-discussion

sessions on group secretaries and group responsibilities. Bring your copy of the pamphlet, "The A.A. Group" and be prepared to ask questions and answer questions. No special speaker this time- just you and your fellow members. We will go through the pamphlet section by section to provide a framework for discussion.

Next meeting: Monday, May 13th, 8 P.M. at your Central Office. (Note time shifted to 8 P.M., but come early!) The group will set the plans for the July meeting at this time.

Following meeting: Monday, June 10 same subject, new material. It is your participation that will make it click! Thanks.....Ellery S.

ELECTION

INTERGROUP HILITES.....

The most important business that occurred at the regular April Intergroup meeting was the nominations for members of the Service Board whose terms will expire next month. Those stepping down and decline to be reelected are: Mary N., secretary; Chuck V., Public Relations; Ed B., Treasurer. Those nominated are: Barbara O., Jack M., all running for reelection. Others nominated are: Chuck L., Fountain Valley, Paul H., Fullerton, Jim M., Orange.

In the absence of Gordon F., Bob W, Vice-Chairman led the meeting, and impressed the group of the importance of moving slowly in regards to the improvements at the C.O. Donna M., Central Office chairman announced that the night job at the C.O. (5PM - 9PM- M. thru Fri.) will be open to all for applications. See C.O. page. Bob E., Special Events, reported that approximately 500 people attended the A.A. meeting Easter Sunday. Presented his financial report.

Next Intergroup meeting, April 14th.

Lifeline

We of Lifeline are very grateful to the A.A. groups of the Friendship Club in Orange in their recent Marathon which was held for the benefit of our newspaper.

WE NEED CONTRIBUTIONS in the form of material for the paper. Suggested subjects: "What A.A. has meant to me." My experiences in Institutional work, and the rewards thereof." "Hiding jugs." Getting rid of empties." Interesting 12th step calls. If you handle any of the Public Information calls at the schools, let us know your reaction. If you were sent to A.A. by a judge, what was your reaction, and did you feel grateful for being forced in. Any comments about Lifeline- any suggestions to make it a better newspaper. You don't have to be a great writer. Say it as you feel it--not too long- about one page, at the most. The Deadline is the 15th of each month. Send material to your Central Office. Thanks.....Your Editor.

BOOK SALES GROW AT A FAST RATE!

How many members of A.A. are there in Orange County? How many newcomers are we getting? These are questions we are asked quite a bit, but no answers. Let us give you some figures on the books and maybe that will give you an idea. The following is the sales of books by this office since 1967:

YEARS	BIG BOOKS	12-12	A.A. COMES		
			OF AGE	WAY OF LIFE	CAME TO BELIEVE
1967	535	232	37	279	-0-
1968	583	308	43	166	-0-

1972	946	493	106	172	-0-
1973	2,012	1,294	445	341	2,236

Hope this gives you some idea of what is going on, and if you look at the Central Office Statistical Report you can see by the phone calls and visitors that it is getting busier each month.

ROUND UP!

MID-SOUTHERN CALIFORNIA AREA ASSEMBLY..... DIGEST APRIL 7, 1974, 1:30 P.M., FONTANA

Meeting was called to order at 1:40 P.M. Mel A. read the 12 Concepts. The minutes of the March 10th C/M meeting were approved as mailed.

Twelve of the fourteen Districts were present at the Assembly, there were approximately 100 in attendance.

Secretary Dorothy E., reported 75 sets of minutes and agendas were mailed and 90 sets prepared for the Assembly.

Chairman Jerry F. welcomed visitors, Jim M., former Trustee from Sacramento, Jim R., Alt. Delegate from So. Cal. Area, Helen B., former Al-Anon Delegate, Joe K., former Delegate, Clyde D. nominee for Trustee from the Pacific Region and Clare M., Long Beach. The Assembly approved the appointment of Denver C. for Chairman of the S.O.S. in 1975, Jack C. for Area Directory and the Committeemen for Districts 3- John H., District 5- Frank A., District 7- Dean F., District 9-Bill D. and District 12- Everett G.

Alt. Delegate Stu N. sent a report of the Pacific Regional Assembly to be printed in all the Intergroup publications. The location of the next Pacific Region Assembly will be selected at the Conference by the Delegates from the Pacific Region. Bids from Santa Monica, San Diego, Tucson and Salt Lake City were presented. Our Assembly was in favor of Santa Monica for the 1975 site.

Delegate Genevieve L. reported on the replies from the questionnaire and the agenda topics. Said that the Conference will consider a change in the Electoral procedures for a class B. Regional Trustee. Our Assembly moved to change the procedure. A 2/3 majority of Conference members present and voting will be required to effect this change. The Assembly also moved to support the petition of the San Diego area for the deletion of Article 6 of the Pacific Region Assembly Guide lines. The Southern California Assembly Area disagrees with General Service Board's approval of the recommendation of the Policy Committee. The November 1973 Quarterly Report under "Board Highlights" details the following recommendation "When G.S.O. is asked to provide A.A. members to appear full-face as "recovered alcoholics" on TV programs, such requests be referred to the National Council on Alcoholism, and the G.S.O. cooperate by supplying N.C.A. with a list of A.A. members who are willing to appear and who can be rotated through such assignments. Also the G.S.O. staff should continue taking the opportunity to try to persuade the TV people to use A.A. Members as such, providing anonymity can be preserved." Our Assembly moved to support Southern California Area's position. Our Delegate was instructed to express our concern with the method of the selection of the Delegates to the third World Service Meeting in London next October. The Assembly concurs with the opinion of the trustees that Dr. Norris should be one of the Delegates, but we feel the second Delegate should be an elected alcoholic, rather than be appointed as noted under "Board Highlights" in March 1974 Quarterly Report from G.S.O.

Intergroups, Institutional and Special Committees gave their reports and Goldene L. said the Fiesta was successful, good turnout, and a fine talk from Jim M. from Sacramento. The progress of the Servathon May 4th, Garden Grove Club, Garden Grove, was reported by Rits M. Jack C. Area Directory requested each District Committeeman select a member to assist on his committee to enable us to keep in contact with groups and current on any new changes in the Directory.

Chairman Jerry F. appealed to Committeemen and GSRs to support our Delegate when she returns from New York and make arrangements for her to present the report to the general membership on the Conference.

The meeting adjourned at 4:45 PM. The next General Service Committee Meeting will be held on June 9, at 1005 E. 6th St., Long Beach at 1:30 P.M.

Respectfully submitted, Jerry F.

Chairman General Service Assembly-Mid-So. Calif. Area

P.S. Cora Louise B Conference Secretary from the General Service Office in New York will be the speaker Saturday afternoon Oct. 12 in San Diego. She will speak at the General Service Meeting at the Southern Calif. Convention Oct. 11-12-13.

COULD YOU GO IT ALONE?

It's easy to forget that some of our fellow A.A. members can never get to an A.A. meeting and very seldom hear the voice or see the face of another AA.

That's the case with about 500 Loners currently registered with G.S.O. (Including 41 Spanish-speaking, 42 French).

Recently, a Loner in Italy wrote us: "When I sobered up last time, I assure I couldn't make it as an A.A. Loner. And I couldn't have if I hadn't found out I'm not alone.

"Thanks to Loners Meeting and help from good people in a nearby group, who keep sending experience, strength and hope, the impossible has now happened. I have been sober for two years!"

"Please use the enclosed to send literature to some other lone drunk some where who needs help. So long, and God, as you understand Him, bless, A.A. love."
.....Ken W.

Every Loner letter to G.S.O. gets a personal response from a staff member of course. In addition, G.S.O. mails the bulletin "Loners Meeting" to Loners six times a year. It contains wonderful excerpts from Loner's letters. Some folks say they reveal "the best A.A. of all"

As one member in a large town wrote us, "I'm always overwhelmed by the thought and beauty of Loners' A.A. Maybe, here in the city, we go to meetings so much, gabbing with each other, that I don't spend as much time as I should in reading, reflecting, praying, and working on myself.

But with no other A.A.s around, Loners have to use the A.A. books, look within themselves, and discipline themselves into deeper spiritual understanding than meeting-goers like me ever achieve."

If you've never seen "Loners Meeting" ask G.S.O. for one. They're free, and any issue is a good one.

One more thing. Lots of A.A.s enjoy and benefit from correspondence with our Loners. If you'd like to be one of these "Loner Sponsors" by mail, just let us know. It's a rich A.A. experience. Write P.O. Box 459, Grand Central Station, New York, N.Y. 10017.

SERV-A-THON

3RD A.A. SERV-A-THON!
 Presented by the Mid-So. Calif Area General Assembly.
 The 3RD Tradition is the topic for this year's Serv-A-Thon to be held Saturday, May 4th, from 9:00AM to 3:00 PM at the Alano Club of Garden Grove, 9636 Garden Grove Blvd.
 There will be moderators, speakers, discussion galore, and all are invited to participate. If the conversation is as lively as when this tradition was chosen, it should be quite a day.
 There will be five 1 hour and 12 minute sessions, so anyone still confused about this great tradition should have been fully satisfied.
 There is plenty of free parking. Coffee and sandwiches are available at the snack bar, or bring your own. And remember, as the only requirement for membership is a desire to stop drinking, there are no dues or fees either.
 Gerrie R.

EDWARD JOHN TEAGUE
16 YEARS A.A.

Edward John Teague passed away recently and I for one will miss him, but will always hold him dear to my heart. We who were close to him called him "Father John". He helped me especially in my early days of sobriety. He invited me to join a Study of the Big Book which he held for 13 consecutive meetings, and I cannot express my gratitude for this experience. We learned to read and understand the Big Book and I know this was a big help towards my sobriety.

Today the Big Book is my Bible and I owe so much to "Father John" for his help, understanding and sometimes stern admonitions. I know he's in God's keeping..... JoAnne A.

OREGON BOUND..

Camille F. and her young son, Danny, will be moving to Oregon around the first of May. She has been living in Santa Ana for some time. We will miss her!

HOSPITALIZED.....

Andy G. at Tustin Community Hospital after major surgery.

CONVALESCING

Trudy H., Newport Beach, home after a sojourn in Silas B. Hayes Hospital at Fort Ord.

CONGRATULATIONS

TO Dean and Peggy F., Garden Grove, recently married.

"ALCOHOLISM: New Victims -Treatment".
Continued from page 1.

youngsters come home drunk, most of them are merely sent quietly to bed! Often, when we report to a parent that his kid isn't acting the way he should and smells of liquor," says Don Samuels, a Miami drug-education coordinator, "the reaction is: 'Thank God! I thought he was on drugs.'" Actually, many teenagers use both marijuana and alcohol.

The alcoholic tide has been pushed higher by the fast-selling, inexpensive pop wines, which disguise their alcoholic content with sweet fruit flavors. These wines make the transition from soda pop to alcohol just one easy step. "Kids seem to look on the stuff as a zippy, sophisticated soft drink," says Houston's Bruner Lee, education director for the Texas Council on Alcoholism. "But this 'kiddie stuff', this pop wine, contains 9% alcohol—about twice as much as beer." After the pop wine phase is over, the kids often go on to much stronger drink.

Vanilla Extract. Most school officials are too embarrassed by the alcohol problem to do much more than reluctantly admit that it exists. One system that has faced up to it and conducted reliable surveys is in the suburban county of San Mateo, south of San Francisco. There, in 1970, school officials found, 11% of the ninth grade boys (13- and 14-year-olds) said that they had drunk some kind of alcoholic beverage 50 or more times in the past year; in 1973 the figure had jumped to 23%. Among senior class boys (17 and 18-year-olds) the percentage of such relatively frequent drinkers rose during the same time span from 27% to 40%. Senior class girls drank less, but they are catching up fast: 29% said they drank 50 or more times in 1973, compared with only 14% in 1970. Notes Paul Richards, an advisor at a San Mateo high school: "This school represents a socioeconomic background from welfare to upper middle class, and the drinkers come from all categories."

The under-21s are not the only ones who are drinking more. Reversing past patterns, which showed middle-aged men the most prone to alcoholism, there has recently been a marked increase in alcoholism among people in their 20s and 30s and among women in their 50s, by National Institute of Mental Health estimates, one of every five or six alcoholics was a woman for every four men. These figures may in fact be understating the problem for women, because a nonworking woman who does not have to punch a time clock

or stand scrutiny in the office, finds it easier than her husband might to hide her habit. One alcoholic housewife in Miami admitted stashing Clorets in every jacket pocket and downstairs drawer to disguise her liquor breath from unexpected callers. Others try to hide their alcoholic breath by sipping Listerine, Scope or vanilla extract.

In some places the ratio between men and women problem drinkers is already equal. For example, in Florida's Dade County (Pop. 1,385,000), authorities estimate that there are 78,000 alcoholics—and almost half are women. At the Women's Alcohol Education Center in South West Miami, patients can relax in a pool or on a patio and their kids can play in a garage full of toys and live animals. The center is open from 9AM to 11PM, and has a daily average of 18 women visitors.

Who is an alcoholic, and who is "merely" a problem drinker? The definition depends on the definer. Thus Mrs. Fred Tooze, head of the National Women's Christian Temperance Union, maintains that an alcoholic is "anyone who drinks alcohol. As soon as they start to drink they're on that road downward." By that definition many of the researchers in alcoholism would be practicing alcoholics themselves.

Quantity consumed is only one criterion—and not necessarily the decisive one. "We see little old ladies who drink less than a pint a day who are dying," says Harold Swift, of the Hazelden Foundation's model treatment facility in Minnesota. "Yet we see men who go through better than a fifth a day and still function well."

An alcoholic does not necessarily know that he is an alcoholic. The stereotype of the stumbling bum applies to no more than about 5% of the alcoholics in the U.S. Most alcoholics hold jobs, raise families, and manage to hide their addiction from everyone, often even from themselves. An alcoholic may go on for years, imbibing three martinis at lunch, two more on the way home and three when he gets there. One day, however,

he may wind up in a hospital with a broken leg and, deprived of his daily quota, may suddenly find himself in the middle of the DTs (delirium tremens), which are characterized by extreme agitation, confusion and frightening hallucinations.

Social Custom. The National Council on Alcoholism, a voluntary health organization, has drawn up a checklist of 26 questions for drinkers. In its view, a yes answer to any one of them warns of possible alcoholism. Some of the council's questions: Do you drink heavily after a disappointment or a quarrel? Did you ever wake up on the morning after and discover you could not remember part of the evening before, even though you did not pass out? Do you try to have a few extra drinks when others will not know it? Are you secretly irritated when your family or friends discuss your drinking? Have you often failed to keep the promises you have made to yourself about controlling or cutting down on your drinking?

The Rutgers University Center of Alcohol Studies offers a more concise definition: An alcoholic is one who is unable consistently to choose whether he shall stop or not, and who, if he drinks, is unable consistently to choose whether he shall stop or not. "Yet the more researchers study alcoholism, the more complex they realize it is. There are, in fact, as many "alcoholisms" as there are alcoholics. Behavioral Scientist Don Callahan of the University of California at Berkeley objects to even attempting a strict definition. Drinking, he says, is a continuum, and no one can draw an exact line between an alcoholic and a severely troubled drinker. "The issue, he states, "is why some people apparently waste their lives on alcohol while others don't. What's the glue 'that binds some people to their alcohol problems?" Adds Marty Mann, the woman who founded the National Council on Alcoholism: "No one has ever found the way to turn a non-alcoholic into an alcoholic. There is a basic difference in people." Reprint from TIME magazine—April 1974, as suggested by Wayne S.

Alcoholics Anonymous is a fellowship of men and women who share their experience, strength and hope with each other that they may solve their common problem and help others to recover from alcoholism. The only requirement for membership is a desire to stop drinking. There are no dues or fees for AA membership; we are self-supporting through our own contributions. AA is not allied with any sect, denomination, politics, organization or institution; does not wish to engage in any controversy, neither endorses or opposes any causes. Our primary purpose is to stay sober and help other alcoholics to achieve sobriety.

Meetings listed below are cooperating with but are not affiliated with nor part of Alcoholics Anonymous.
